

UNIVERSIDAD DEL MAGDALENA

KEY FIGURES

Universidad del Magdalena (UNIMAGDALENA) is one of the primary institutions of higher education in Colombia. Located in Santa Marta, a strategic port city in the Colombian Caribbean region, the university is a public institution offering a wide range of well-established undergraduate and graduate programs, a history of research excellence and a tradition of public service. It is the oldest, largest and most comprehensive university in a state distinguished for its extraordinary natural, historical and cultural heritage; known worldwide as the birthplace of the Nobel Laureate Gabriel García Márquez.

| One Campus | |
|--------------------------------------|--|
| 5 Faculties | 20.585 students |
| 1 Centre of Postgraduate Programmes | Named one of the top 10 research institutions in Colombia. |
| Joint Coordinator of an EMA2 Project | |
| Partner in 6 EMA2 Projects | |

Academic Programs

College of Engineering

Undergraduate Programs

- Environmental Engineering
- Industrial Engineering
- Civil Engineering
- Systems Engineering
- Electronics Engineering
- Agricultural Engineering
- Fishing Engineering

Graduate Programs

- Master's in Aquaculture and Tropical Aquatic Ecology
- Master's in Integrated Coastal Management
- Specialization in Aquaculture
- Specialization in Food Science and Technology
- Specialization in Software Development
- Specialization in Quality Management
- Specialization in Engineering Project Management
- Specialization in Environmental Administration
- Specialization in Logistics
- Specialization in Modelling and Simulation

College of Business and Economics

Undergraduate Programs

- Business Administration
- Public Accounting
- Hotel and Tourism Management Technology
- Economics
- International Business

Graduate Programs

- Master's in Business Development
- Specialization in Finance
- Specialization in Public and Private Investment Strategy
- Specialization in Tax Administration

College of Health Sciences

Undergraduate Programs

- Nursing
- Medicine
- Dentistry
- Psychology

Graduate Programs

- Doctorate in Tropical Medicine
- Specialization in Intensive Care Nursing

College of Education

Undergraduate Programs

- Basic Education with an Emphasis in Computer Science
- Preschool Education

Graduate Programs

- Doctorate in Educational Sciences
- Master's in Education
- Specialization in University Teaching
- Specialization in Social Sciences Education
- Specialization in Early Childhood Education

College of Humanities

Undergraduate

- Anthropology
- Film
- Law

College of Life Sciences

Undergraduate

- Biology

Graduate Programs

- Doctorate in Physical Science
- Doctorate in Marine Science
- Master's in Environmental Science
- Master's in Physical Science
- Specialization in Estuary Science
- Specialization in Environmental Science

Departments involved in the Maya-Net Project

- **Faculty of Engineering**
- **Faculty of Economic and Managerial Sciences**
- **Faculty of Health Sciences**
- **Faculty of Humanities**
- **Faculty of Life Sciences.**
- **Centre of Postgraduate Programmes and Continuous Education.**
